Eucarol®

Nature Inspired Surfactants

These days people look very carefully at the products they use and at their ingredients. Sustainability, safety and quality are truly leading consumers' choices. **Natural** is now a pre-requisite, together with superior **foaming** and **sensory feel** that are also paramount.

Besides the cleansing performance, consumers expect the surfactant system to be mild to the skin and hair, with no disruption of the skin's hydration level and natural properties.

Ensure superior foam and easy rinse with Eucarol®, surfactants inspired by nature for extremely delicate and effective cleansing.

Product	a.m. %	Physical Form	Clean beauty claim	Certifications	Foam	Applications						Key features
						Face/ body cleansers	Eye make-up removers	Shampoos	Concentrated & waterless formats	Solid powders & bars	Baby & Toddlers	
Eucarol® EASY MB Disodium Cocoyl Glutamate[1], Disodium Coco-Glucoside Citrate	100	Powder	no EO no sulfate no preservatives	RSPO MB ISO16128 ~ 1	○○○	•••	•••	•••	•••	•••	•••	Balanced synergic blend of amino-acid and glucoside based surfactants. Outstanding mildness and excellent foam behaviour, coupled with easy thickening and effective cleansing. Extremely versatile, it is suitable both for anhydrous and water-based products. Easy to formulate, it delivers luxurious lathering with easy rinse.
Eucarol® AGE/EC MB Disodium Coco-Glucoside Citrate	30	Liquid	no EO no sulfate no preservatives	Ecocert COSMOS Natrue RSPO MB ISO16128 ~ 1	○○○	•••	•••	•••			•••	Exceptionally mild on skin, eyes, and mucosa, even at high concentrations. Ideal for baby and intimate care, makeup removers, and sensitive-skin cleansers. It provides good foaming and cleansing, and it aids pigment dispersion (eg. in mascaras).
Eucarol® SoFo Disodium Coco-Glucoside Citrate, Glycolipids	35	Liquid	no EO no sulfate no preservatives	RSPO MB ISO16128 ~ 1	○○○	•••	•••	•••			•••	Synergistic blend of sugar-based surfactants and biotech-based glycolipids. Exceptional cleansing power together with incomparable respect for the skin. Leaves skin silky, nourished, and moisturised.
Eucarol® AGE C50 MB Disodium Coco-Glucoside Citrate, Propylene Glycol	50	Liquid	no EO no sulfate no preservatives	COSMOS RSPO MB ISO16128 ~ 1	○○○	•••	•••	••	•••	••	•••	Concentrated and water-smart version of Eucarol® AGE/EC MB. It comes in propylene glycol from certified vegetable origin. Ideal for concentrated and anhydrous products.
Eucarol® AGE/ET MB Sodium Coco-GlucosideTartrate	30	Liquid	no EO no sulfate no preservatives	Ecocert COSMOS Natrue RSPO MB ISO16128 ~ 1	○○	•••	••	•••			•••	Outstanding mildness towards skin, coupled with good cleansing performances. Suggested for baby and intimate care as well as to reduce the irritation level of liquid soaps, shampoos and skin cleansers.
Eucarol® B/M Laureth-7 Citrate	100	Liquid	no sulfate no preservatives	ISO16128 > 0.5	○○○	••		••	•••		••	Low irritating power and good foaming properties. Suitable for waterless or non-aqueous products.
Eucarol® AGL 35 MB Disodium Cocoyl Glutamate[1]	30	Liquid	no EO no sulfate no preservatives	RSPO MB ISO16128 > 0.9	○○[2]	•••	•	•••			•••	Outstanding foam boosting properties, delivering a creamy foam especially in neutral to weakly acidic pH. Ideal for gentle cleansers, with a soft feeling to the skin. In haircare products it helps providing conditioning properties, softness and silk feel to hair.
Eucarol® AGL C100 MB Disodium Cocoyl Glutamate[1]	100	Powder	no EO no sulfate no preservatives	RSPO MB ISO16128 ~ 1	○○[2]	•••	•	•••	•••	•••	•••	Solid form of Cocoyl Glutamate, suitable for concentrated and anhydrous products.
Eucarol® PCG Potassium Cocoyl Glycinate	30	Liquid	no EO no sulfate no preservatives	ISO16128 > 0.85	○○	•••	•	•			•••	Luxuriously creamy foam in neutral to alkaline conditions. Gentle skin cleansing effect, with a pleasant fresh feeling, without taut after-feel. Recommended for facial cleansers and body wash products.
Eucarol® SCA Sodium Cocoyl Alaninate	30	Liquid	no EO no sulfate no preservatives	ISO16128 > 0.8	○○	•••	•	•••			•••	Dense and rich foam, especially in neutral to slightly acidic conditions, also in presence of oils. Ideal for gentle cleansers, with a pleasant and fresh skin-feel. Perfect also for hair care, thanks to its conditioning properties. It also helps keeping skin and hair moisturised.

Lamberti personal care

1 if formulated at pH < 7.5, INCI Sodium Cocoyl Glutamate
